## **Ashley Landt of Reardan FFA is Announced As Newly Elected Washington FFA State Secretary**

**Pullman, WA;** Ashley Landt was announced as the 2024-2025 Washington FFA State Secretary during the final session of the 94th Washington FFA State Convention and Expo.

Landt is out of the Reardan FFA Chapter and said, “FFA to me is an organization that is really like my family. It’s the thing that I’ve been the most passionate about since I was little, and... something that has really defined and shaped who I am today.”

She said her favorite memory throughout her journey was competing in the Agricultural Issues Leadership Development Event with some of her best friends at national convention.

As Landt prepares to shift into this new leadership role she said she’s really excited to get to know her teammates and Washington FFA Members. Starting this summer she will begin traveling as a representative of Washington FFA, bringing both of these things to light.

Although she’s not on the road yet, Landt is already encouraging Washington FFA Members. She said, “Don’t be afraid to try. Don’t be afraid to go out and do anything you can to succeed.”

It is clear Ashley Landt is already putting this advice into practice especially as she prepares for her new role. Landt will be joined by her five teammates as they each prepare to be representatives of the Washington FFA Association. We trust that Landt will lead courageously and leave the association better than she found it.

Congratulations Ashley Landt on your election to State Office. May it be a year full of pride, dedication to our members, and one that you look back on fondly. We can’t wait to see how you serve Washington FFA.
